

RoboFeast-2018, Ed Cell of IIT Roorke in Collaboration with Department of electronic & communication engineering Anurag Group of Institutions Ranga Reddy Telangana Three-Days National Level Workshop cum Championship on "Internet of Things (IOT) using Arduino"

IoT Hands on Applications

- Learn the basics of Internet of Things and its applications.
- What "the Internet of Things" means and how it relates to Cloud computing.
- How open platforms allow you to store your sensor data in the Cloud.
- How to connect your Arduino with your Android phone.
- How to send data to the Internet and talk to the Cloud.
- How to update sensor readings on Twitter (Social Networking Sites).
- Control a Relay Switch by texting from your Phone.
- build your own arduino weather station project.

Benefits/Takeaways /Motivation

- The Certificate of Participation from RoboFeast'18 Ed Cell of IIT-Roorkee
- Training purpose IoT Arduino kit to each team after training kit be return back from each team
- Merit participants will be awarded with the certificate of honor & respected prizes at IIT Roorkee .
- **Registration fee:** Rs.600- per attendee (The fee includes: Training, certification, and Event registration)

3 Day Faculty Development Program

on

“Recent Trends in Signal Processing”

(27-04-2017 to 29-04-2017)

Detailed Lecture Schedule

Date	9:30-11.00	11:00-11:15	11.15:1:00	1:00-2:00	2.00-3.30
27/04/2017	Intelligent Signal processing System Design By Dr. J Ravi Kumar (Asst Prof. NIT Warangal)	Tea Break	Genetic Algorithm based Channel Equalization and Hands on MATLAB By Dr. J Ravi Kumar	Lunch	Digital Image Forensics By Dr. Md. Farukh Hashmi (Assoc. Prof AGI Hyd)
28/04/2017	Multi-Rate Signal Processing and its Applications By Dr. S. P. Singh (Head & Prof. MGIT Hyd)	Tea Break	Hands on MATLAB By Dr. S. P. Singh (Head & Prof. MGIT Hyd)	Lunch	MATLAB By Prof. J.V. Sharma (Prof AGI Hyd)
29/04/2017	Matrix Fundamentals In Signal processing By Dr. C. Rajakumar (Assoc. Prof AGI Hyd)	Tea Break	Video Processing & its Applications By Dr. Md. Farukh Hashmi (Assoc. Prof AGI Hyd)	Lunch	Hands on MATLAB By Dr. Md. Farukh Hashmi (Assoc. Prof AGI Hyd)

ACTIVITY REPORT

Name of the Activity: FACULTY DEVELOPMENT PROGRAM

Title/Topic: ANALOG CIRCUIT DESIGN METHODOLOGY

Resource Persons/Guests:

1. Hari Shanker Srivastava
Assoc. Prof, ECE Department
2. P. Rama Krishna
Assoc. Prof, ECE Department
3. M. Kiran Kumar
Asst Prof, ECE Department
4. E. Srinivas
Asst. Prof, ECE Department

Date: May 2-7, 2017

Key Points/ Highlights:

- In-depth exposure to Cadence and Mentor Graphics flow of designing.
- Designing of Analog circuit engineering problems using Cadence and Mentor Graphics.
- Various Analysis in Cadence tool with related hands-on practice.
- Exposure to techniques for designing of Analog circuit.
- Low Power Designing Methodologies

Summary:

- The One Week short term Faculty Development program covered the Introduction to Cadence and Mentor graphics work flow for designing Analog and mixed signal circuits and its analysis.
- Low power design approaches and techniques are discussed
- Every day afternoon during the period of program hands-on sections on cadence and mentor graphics utilized the entire faculty.

Report on Field Visit to L&T Metro Rail-Miyapur depo.

18/07/2017

Venkatapur

The students registered for IEEE AGI Circuits and Systems Student Branch Chapter (SBC10181A) visited L & T METRO RAIL, MIYAPUR DEPO. on 15th July 2017. Students explored the functioning of Metro Rail and the detailed procedure followed for its maintenance. Mr. Dayaker Patra, Senior Engineer, L&T Metro Rail guided and Ms.P.Poojitha, Graduate Engineer Trainee assisted us. 15 IEEE AGI Circuits and Systems students participated in the visit accompanied by faculty coordinator Amrita Sajja, Asst.Prof.,ECE Dept.

Report on Inauguration of IEEE AGI CAS Student Chapter

07/07/2017

Venkatapur

IEEE AGI Circuits and Systems Student Branch Chapter formation was approved on June 28,2017 with the code : SBC10181A .The CAS Student Branch Chapter was inaugurated by chief guest Dr.Kaleem Fatima , Chair,IEEE CAS/EDS Society, Hyderabad section and guest of honour,Dr. P A Govindacharyulu on July 6,2017. Dr.Mohammed Arifuddin Sohel Vice-Chair, IEEE CAS/EDS Society, Hyderabad section delivered a guest lecture on Advanced Analog VLSI Design in the occasion. About 300 III and IV ECE students and 30 IEEE students participated in that event.

Office bearers for the AGI CAS Student Branch Chapter has been declared

President –D Sai Praneeth
Vice-President – M Divya
Secretary – CH Satya Prasanna
Treasurer - G N V S Naren
Advisor -Dr. Farooq Hashmi
Counselor - Dr G Venu Madhav
Coordinator - Amrita Sajja

4/08/2017

Venkatapur

IEEE AGI Circuits and Systems Student Branch Chapter (SBC10181A) conducted Paper and Poster Presentation contest on 31st July 2017. All ECE Department Students were invited to participate in the event. First round is conducted by Cygnus club of ECE Dept. The short listed 23 students is were allowed to present the papers in IEEE AGI CAS event. Akshay and pavan raj of III YEAR ECE won the first prize with cash amount of Rs.1000. The judges for the event are Mrs. Hari Priya and Mr. M Kiran Kumar. The faculty coordinators are Dr.Farooq Hashmi and Amrita Sajja and student coordinators are Aditya and J Divya.

Report on two days Workshop on Sixth Sense Technology

17/08/2017

Venkatapur

IEEE AGI Circuits and Systems Student Branch Chapter (SBC10181A) conducted two days Workshop on Sixth Sense Technology on 10th and 11th August 2017. All ECE Department Students were invited to participate. 44 students of our III and IV year ECE, 6 IEEE CAS students and 3 students from MJIT have participated in that event. The workshop is conducted by Robokart , Innovation Cell IIT-Bombay. The faculty coordinators are Dr.Farooq Hashmi and Amrita Sajja .The resource person for the workshop is Mr.Sameer, R & D team, Robokart, Bombay.

MICROWAVE OSCILLATORS

Report

The Department of Electronics and Communication Engineering organised a Guest Lecture on 'Microwave Oscillators' on 1st September, 2017 by Prof. Hari Kumar, Professor, in Geethanjali College of Engineering and Technology, under IETE student chapter. It is organised for IV year students and 250 students attended the lecture. The lecture started with introduction to his profile education and his present designation which defines as a successful person.

His experiences were like gold mines, helped many faculty to publish in quality research journals.

He Received the "Best Teacher" award 3 times in ECE Dept. of MVSR Engg. college in the years 1995, 1997 and 2000 and acted as Subject Expert Member in the Interview Board for Brahmos Aerospace Pvt. Ltd (DRDO)

He explained about the importance of microwave oscillators and how they are different from low frequency oscillators.

He told us about IETE community, how it works its agenda and how it is being beneficial to an engineering students.

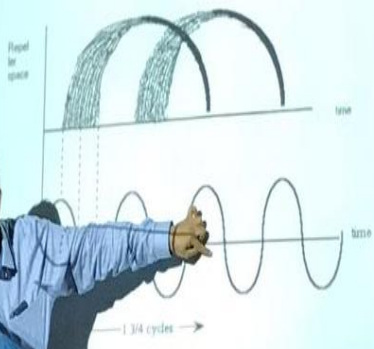

He enlightened our brains about different kind of researches possible around us and made us familiar with different kinds of chapter bodies and communities that would help engineering students.
