Dr. Vasudha Bakshi, PhD, Dean, Anurag School of Pharmacy (Formerly Lalitha College of Pharmacy), Hyderabad. The scientific contribution made by Dr Vasudha Bakshi is in the form of novel innovation research, patents and technologies. She has rich experience in R&D and has been honored with various prestigious national awards.

OBJECTIVE

Drug delivery systems are engineered technologies for the targeted delivery and controlled release of therapeutic agents. Drugs have long been used to improve health and extend lives. The practice of drug delivery has changed dramatically in the past few decades and even greater changes are anticipated in future.

The Proposed FDP Recent Trends in Drug Discovery and Targeted drug delivery system will educate the Faculty with recent advances in Pharmaceutics, drug delivery and formulations around the world and to sharpen the related ideas about Drug Delivery Systems. Moreover this FDP is especially designed for Faculty and Researchers to enhance their skill in instrument handling by demonstration and hands on training sessions.
