

LABORATORY SAFETY COMMITTEE

The purpose of this committee is to help the students to understand proper laboratory safety precautions, to increase his awareness of the possible risks or hazards involved with laboratory work and to realize the laboratory is generally a safe place to work if safety guidelines are properly followed.

Safety guidelines:

- All the students should compulsorily wear apron (3/4 sleeves).
- Before using any chemicals, read the label carefully
- The experiment procedures involving acids, alcohol, flammable organic solvents, or for fuming every student must wear safety goggles.
- Open flames should never be used in the laboratory unless you have permission from a lab Incharge.
- Long hair (chin-length or longer) must be tied back to avoid catching fire
- All the students should wear appropriate shoes to the cover foots
- If you notice any unsafe conditions in the lab, let your supervisor know as soon as possible
- It is instructed to faculty that, they should preplan & instruct the lab assistant for solvent preparation.
- Don't use electronic devises while running lab.
- Follow all written and verbal instructions carefully. If you do not understand a direction or part of a procedure, ask your instructor before proceeding with the activity.
